

# Group 9 Project 2 : Video Game Data ETL Process

## Team Members:

- Moore, Ashley
- Johnson, Joseph
- Patel, Vinika
- Bedwell, Jenny
- Benedict, Robert
- Bilal, Mohamed
- Zhu, Valentina

## Project Description/Outline:

Group 9 focuses on datasets of Video Games Data ETL Process. We plan to upload to pandas, merging two csv files, clean it and convert to JSON. Once cleaned and converted, we will be using JSON to upload to MongoDB.

## Datasets used:

- Metacritic: Top Video Games 1995-2021
